NOTES:-

1. Where the callout is deemed as a confined space (normally applies to Underground Pumping stations). Two confined space trained engineers will be required.
2. Where the time of night or area to be worked in is deemed unsafe for one engineer to attend alone, two engineers will be sent and charged accordingly.
3. Our Labour rate begins from where the engineers start their journey (i.e. his home or previous call out) until they return home.
4. Public Holidays and Christmas Holiday period, in particular Christmas Day, Boxing Day, New Years Eve and New Years day, are excluded from these rates. Should engineers be available then special rates would apply.
5. Minimum of 4 hours per engineer will be charged per call out on top of any call out fee noted above.
6. In the event that we attend and cannot get access we will still charge the minimum 4 hours & any call out fee where applicable.
7. Tanker rates below based on our preferred provider. Special rates may apply if they are unavailable and alternate tanker provider is required to attend.
8. All prices valid as of 1st September 2023.
